forties, to the woman she now is. An unshakable faith and preservation of family have become the driving forces in her life, and she describes through a series of heartfelt letters to her eight children how one very dysfunctional family is torn apart and reconciled to survive rape, alcoholism, divorce, miscarriages, drug abuse, and autism. The "blended" family that emerges through these pages will encourage anyone who has experienced a breakdown in relationships. This is not a self-help book or a book brimming with advice for parents; rather it is a chronicle of being a mother in often difficult circumstances, and about making impossible choices and living with the consequences. It has been said that the only thing stronger than fear is hope, and it is hope that emerges triumphantly in this book that is essentially about being a mother. Laura John was born and brought up as a white child in Central Africa (Congo) to English missionary parents. She now lives in Sydney, Australia with her youngest children (one of whom is autistic) and her husband, who describes himself as the "madman" from Galashiels. Read the true story of Dan Shelley as he struggles to come to terms with his divorce, hits rock bottom and eventually has his life restored by Our Lord Jesus. Echoing the stories of Job, and Abraham and Sarah, Dan chronicles how he lost everything after his divorce, turns to drink, drugs and sin and reaches the point where he can see no way out. Dan started writing journal entries after he received three dreams to tell him to write his story down - he had no idea if his journal entries would ever become a book but, by pure faith, continued to write his story down. Told through real journal entries, with date and time stamps, Dan's story is brought to life with songs to listen to and Scripture to read.

When Tamar was raped by her half brother, the Bible says she was left weeping and desolate. Though 3,000 years old, this story strikes a deep chord with many people, because Tamar's story is their story. Sexual abuse and its effects are a widespread, and often silent, scourge. Victims often feel robbed, contaminated, and terrible ashamed. They may lash out against God and have trouble getting along with others. They may not be able to forget or forgive, much less build meaningful relationships. Many suffer deeply, often alone. Is there a way out? Yes! After explaining why sexual abuse can be so devastating, Beauty for Ashes

Much of the current library literature assumes that professional library service is necessarily neutral-detached from the librarian's philosophical or religious views. By contrast, contributors to this collection assert that librarianship is best practiced as an outworking of spiritual conviction. Accordingly, they discuss principles for integrating Christian faith and librarianship within various contexts, and reflect on professional issues from biblical and theological perspectives. This text will prove beneficial to Christians working in all types of libraries, whether religious or secular. This compilation of 16 essays is divided into two main parts, the first on theory and the second on practice. The first part includes chapters such as A Rationale for Integrating Christian Faith and Librarianship, The Master We Serve: The Call of the Christian Librarian to the Secular Workplace; and The Impact of the Christian Faith on Library Service. Chapters in the second part include Library Encounters Culture, A Christian Approach to Intellectual Freedom in Libraries and Keeping Sunday Special in the Contemporary Workplace Culture. Contributors include William Fraher Abernathy, Rod Badams, Donald G. Davis, Jr., John Allen Delivuk, Kenneth D. Gill, Graham Hedges, D. Elizabeth Irish, James R. Johnson, Roger W. Phillips, Gregory A. Smith, Stanford Terhune, John B. Trotti, John Mark Tucker and Geoff Warren.
