The book examines the increased influence on international sport of the politics of global institutions such as global economic market forces, International Non-Governmental Organisations and multi-national business and media.

Too Black to Wear White is the compelling story of Krom Hendricks, the first black South African sporting hero. Co-authors Jonty Winch and Richard Parry explore the colonial roots of racism in cricket and the nefarious role Cecil Rhodes played in the origins of segregation when he barred Krom Hendricks from the South African tour to England in 1894. Hendricks's long struggle for recognition exposed a cruel system. It is a compelling human drama. Hendricks played for the South African 'Malay' team against English professionals in 1892. He was, they said, the best fast bowler in the world. He struck fear into the white establishment and targeted elite South African batsmen who feared his express pace and the prospect of humiliation at the hands of a 'coloured' player. Denied the chance to play Test cricket against Lord Hawke's side, his courage, perseverance and passion for cricket never diminished over several decades; and at the age of 60 he led representative 'coloured' teams in fundraisers during the First World War.

In the last twenty years, Indian cricket has been transformed. With the arrival of global television networks, mass-media coverage and multinational sponsors, cricket has become big business and India has become the economic driving force in the world game. For the first time a developing country has become a major player in the international sports arena. This fully updated and revised edition of Mihir Bose's classic history is a unique account of the Indian cricket phenomenon. Drawing on a combination of extensive research and personal experience, Bose traces the development of the Indian game from its beginnings as a colonial pastime to its coming of age as a national passion and now a global commercial powerhouse. This illuminating study reveals Indian cricket's central place in modern India's identity, culture and society. Insightful, honest and challenging, Bose tackles the myths and controversies of Indian cricket. He considers the game in terms of race, caste, politics, national consciousness and ambition, money,

celebrity and the media, evoking all the unpredictability, frustration and glory that is the magic of Indian cricket.

For a bowler, taking all ten wickets in an innings is the ultimate statistical feat. It is also a very rare one: in nearly 60,000 first-class matches it has been achieved only 81 times. Surprisingly, although books have been written about Hedley Verity's world record ten for 10 in 1932 and Jim Laker's all-ten in the 1956 Old Trafford Test, nobody has ever written a book describing every all-ten. Until now. All Ten chronicles each all-ten, from Edmund Hinkly's at Lord's in 1848 to Zulfiqar Babar's at Multan over a century and a half later. All-tens have been taken at many different venues, from famous Test match grounds to outgrounds on which first-class cricket is no longer played. Some were taken by great bowlers such as Colin Blythe and Clarrie Grimmett, some by less well-known ones including Harry Pickett of Essex and Tom Graveney's brother Ken. Some bowlers were at the beginning of their careers, some were nearing the end. You will read about them all here and their very special feat, and maybe wonder why the bowlers at the other end didn't strike even once, why many of the greatest bowlers of all-time never took an all-ten, and why all-tens have become much rarer in the last half century.

Julian Knight is a BBC journalist, writer, and cricket enthusiast. He is a former youth coach and captain, and has been a club cricketer for over 20 years. Consultant Editor Gary Palmer played first class cricket for ten years with Somerset before becoming a professional coach.

Charles Burgess Fry, known as C. B. Fry was an English polymath; an outstanding sportsman, politician, diplomat, academic, teacher, writer, editor and publisher, who is best remembered for his career as a cricketer. Fry's achievements on the sporting field included representing England at both cricket and football, an F.A. Cup Final appearance for Southampton F.C. and equalling the then world record for the long jump. But he was much more than a sportsman. He won a major scholarship to Oxford, where his friends numbered Max Beerbohm, Hilaire Belloc, and F.E. Smith. He wrote several books, including an autobiography and a novel, and he was one of the most successful journalists of his day. He was a friend of many prominent Labour and Liberal politicians, but flirted with Fascism, meeting Hitler in 1934. He

tried out for Hollywood, represented India at the League of Nations, and stood for Parliament three times. 'A most incredible man . . . the most variously gifted Englishman of any age . . . the pre-eminent all-rounder, not merely of his own age but, so far as is measurable, of all English history.' John Arlott; 'This is a well-researched, well-rounded picture of one of England's great sporting heroes.' - Jeremy Paxman, Mail on Sunday; 'He has written what should come to be regarded as one of the very best sporting biographies. I could not put it down.' - Michael Kennedy, Sunday Telegraph; 'This is a book that rises to its subject's level in fascination, entertainment and brilliance.' - Tim Rice, Literary Review

The nation of Pakistan was born out of the trauma of Partition from India in 1947. Its cricket team evolved in the chaotic aftermath. Initially unrecognised, underfunded and weak, Pakistan's team grew to become a major force in world cricket. Since the early days of the Raj, cricket has been entwined with national identity and Pakistan's successes helped to define its status in the world. Defiant in defence, irresistible in attack, players such as A.H.Kardar, Fazal Mahmood, Wasim Akram and Imran Khan awed their contemporaries and inspired their successors. The story of Pakistan cricket is filled with triumph and tragedy. In recent years, it has been threatened by the same problems affecting Pakistan itself: fallout from the 'war on terror', sectarian violence, corruption, crises in health and education, and a shortage of effective leaders. For twenty years, Pakistan cricket has been stained by the scandalous behaviour of the players involved in match-fixing. Since 2009, the fear of violence has driven Pakistan's international cricket into exile. No one knows when it will return home. But Peter Osborne's narrative is also full of hope. For all its troubles, cricket gives all Pakistanis a chance to excel and express themselves, a sense of identity and a cause for pride in their country.

On July 3, 1958, Arthur Milton and MJK Smith opened the batting for England in the third Test against New Zealand at Headingley. Coincidentally, Milton was the last Englishman to play football and cricket for England and Smith the last Englishman to play rugby and cricket for England. However, both before and after that Test in 1958, there have been a number of sportsmen and sportswomen who have represented their country in more than one sport. In this book are listed biographical details of 172 sportsmen and sportswomen, including some of whom are disabled, who have excelled at more than one sport. Some, such as CB Fry and Denis Compton, will be well-known; others, such as Aramugam Vijiaratnam, who represented Singapore in four

(rather than 46) enlisted in 2nd King Edward's Horse. He arrived in France in 1915 at Festubert and was given a commission. After attending the Machine Gun School he was at the Somme before volunteering for the Tank Corps. In 1917 he was wounded at Messines, where he won his MC. He demonstrated his tank for King George. He fought at 3rd Ypres and was wounded and captured at Cambrai in November 1917. Over the next 12 months he was held as a POW at Hanover, Karlsruhe, Heidelberg and Fstenberg. His extraordinary and varied experiences are superbly recorded in this memoir. As featured in Isle of Wight County Press and on BBC Radio Bristol.

Spell-binding Spells is a book for everyone who loves cricket. It is about stunning spells—those few overs that occur rarely in cricket, when bowlers weave magic and batsmen are mesmerized. What did the stunning bowling spells of Anil Kumble, Narendra Hirwani, Ravichandran Ashwin, Padmakar Shivalkar, and Yuzvendra Chahal achieve that Kapil Dev's career best spell could not? Curtly Ambrose and Sarfraz Nawaz, 14-years apart, bowled identical deadly spells against the same opposition taking 7 wickets for 1 run. Who were the hapless victims? Why did Gary Gilmour of Australia with an ODI bowling average of 10.31 and Clarrie Grimmett of Australia after taking 13 wickets in a Test in two magnificent spells, never play for their respective countries again? Spell-binding Spells looks at 50 of the most magnificent bowling spells in the history of cricket and answers some of these questions. VVS

Laxman says: “This book is a tribute to bowlers, a breed that has never profited from the benefit of the doubt in a sport whose rules have historically always favoured batsmen. This nice little treatise is a reminder that we must ensure that the history of this game continues to get passed on from one generation to the next.”

There has been an explosion in the quantity of sports history literature published in recent years, making it increasingly difficult to keep abreast of developments. The annual number of publications has increased from around 250 to 1,000 a year over the last decade. This is due in part to the fact that during the late 1980s and 90s, many clubs, leagues and governing bodies of sport have celebrated their centenaries and produced histories to mark this occasion and commemorate their achievements. It is also the result of the growing popularity and realisation of the importance of sport history research within academe. This international bibliography of books, articles, conference proceedings and essays in the English language is a one-stop for the sports historian to know what is new.
