Have you ever been asked by your child to draw something simple like a dog or a bird but you have been unable to?

Your child looks to you for guidance and support in all aspects of life. Your lack of artistic ability is not something you thought of as a hindrance, but now that you have children, this simple skill can make the world of difference in creating moments of deep bonding. When you are able to teach your child how to draw an animal or a house with accuracy and see that look of awe and admiration in their eyes, you will know that you made the right choice buying this book. This guide will start you on a magical trip with your little one that begins with a single mark on the page and ends with a rich and creative world that the two of you have drawn together.

Drawing and drawings.

If you have been looking for a book that will help you learn how to draw color then you have found the right book. This book is amazing for kids and adults. It is the best way to have fun together and at the same time to learn about the easier ways to draw. Is it hard for you to get your child's attention to draw and color? Have you tried everything? Have you bought even expensive sets and still nothing? It is not about the type of colors and pencils he will use. It is about the simplicity of the lesson. It needs to be fun and at the same time easy to follow. This book is a helpful tool for you and your kids to draw a cool motorcycle at home. Have fun with your family. Buy this book now

Provides step-by-step instructions on how to draw a variety of cars, trucks, and motorcycles, including Ford Thunderbirds, dump trucks, and minibikes.

The California Driver handbook offers a comprehensive overview of the rules of the road and includes the following topics: how to acquire a new license or renew an existing license, a summary of standard road signs, safe driving tips, and how to properly share the road with other vehicles, mass transit, pedestrians, and cyclists.

For decades the crown jewels of Japan's postwar manufacturing industry, motorcycles remain one of Japan's top exports. Japan's Motorcycle Wars assesses the historical development and societal impact of the motorcycle industry, from the influence of motor sports on vehicle sales in the early 1900s to the postwar developments that led to the massive wave of motorization sweeping the Asia-Pacific region today. Jeffrey Alexander brings a wealth of information to light, providing English translations of transcripts, industry publications, and company histories that have until now been available only in Japanese. By exploring the industry as a whole, he reveals that Japan's motorcycle industry was characterized not by communitarian success but by misplaced loyalties, technical disasters, and brutal competition. Comprehensive volume of practical information on everything from mufflers and automatic oil pumps to batteries and timing valves. Over 370 rare illustrations.

"Lively text and fun illustrations describe how to draw terrifying robots"--Provided by publisher.
