A SIMPLE, YET AMAZINGLY EFFECTIVE SYSTEM TO MAKE MONEY WITH BINARY OPTIONS If you're looking to trade binary options then this book is for you. It presents an easy-to-follow, complete system to successfully trade with binary options. This system is based on a simple yet extremely powerful idea: what worked in the past is more likely than not to work again in the future. The system trades only once a month and always uses the same type of binary option. Setting up a trade takes a couple of minutes at most: You just look up in a table if the asset you have chosen is expected to go above or fall below a certain value and how much you should bet. You then log into your binary options broker's platform and enter those parameters. No further action is needed until the end of the month. The author of Make Money with Binary Options: The Calends Strategy has over 25 years of trading experience and has taught courses in finance, accounting and real estate. His results-oriented books and courses blend experience with a sound theoretical foundation to deliver practical, easy-to-follow knowledge that brings immediate benefits to readers and students. Make Money with Binary Options: The Calends Strategy describes a complete "plug-and-play" trading system, meaning one that comprises both a trading strategy and a money management system. The book starts by describing how the trading strategy is built. It also explains the concept of expectancy and how to use it to gauge if a strategy is worth trading and to rank strategies. The rationale of money management comes next, followed by a detailed explanation of how to place the monthly trade. GET THIS BOOK RIGHT NOW: START TRADING CONFIDENTLY AND ACHIEVING SOLID RETURNS!

The first comprehensive guide to trading a unique class of options to manage risk and make smarter bets during volatile trading Providing savvy market players with a way to react quickly to event-driven opportunities and trends, exchange traded binary options are a unique type of derivative instrument offering fixed risk and reward. Available on four asset classes—stock index futures, commodity futures, Spot Forex and economic data releases—they are distinctly different from regular put/call options in that their pay-out structure offers only two potential outcomes, or settlement values: 0 or 100. The first guide focusing exclusively on this fast-growing sector of the options market, Trading Binary Options examines the key differences between regular options trading and binary options trading and describes how binary trading is done. It also gives you the lowdown on the most successful binary trading strategies and how and when they should be deployed. Outlines a rigorous approach to trading directionally around specific events, such as an earnings release, a shift in currencies, or a release of economic data Provides the first comprehensive coverage of an increasingly popular but poorly understood trading instrument Offers in-depth discussions of the six characteristics that distinguish binaries from other options and that make them such an attractive vehicle for hedging risk and improving returns

Can you afford NOT to know the secrets when trading Binary Options? 3 Books in 1 Want to learn about Penny Stocks..... What if you found out that on the screen that is right in front of you right now, you had all of the tools needed to change your life for the better? It's true. We are living in a very exciting time that gives anyone with an internet connection and the ability to read a chance at making a better life for themselves. This is not an easy path to go down, and it takes time, effort, and patience, but where you are now is a great place to start. Learning about this subject will be challenging at times, but it's the type of challenge that just about anyone can live up to if they only have the right information and attitude. In this book, you will find that we review certain definitions or risks multiple times. This is because just starting out in stocks can be confusing and overwhelming, and the goal is to get the most important ideas through so you can make an informed choice about getting involved in them. You're About To Discover..... Penny Stock Basics Penny Stock Concepts Analysis Techniques How to be a Penny Stock Pro Risks and Rewards Of Penny Stocks Options Trading The subject of investing can be a confusing one without the right knowledge or guidance. In this book, you will find out whether this subject is right for you, along with some useful basics, concepts, terms, and what the strategies of options trading consist of. In this thorough guide, we will go over... * Options Trading Basics: What exactly is options trading? Is it right for your lifestyle? If so, what are the best ways to learn more and practice options trading? In this book, we will cover all of this and more to give you a clear idea of what it is.* What Unique Advantages Options Offer: There are many different types of trading, so what makes options the best choice? In this guide, you will find out what sets this type of investment apart from the others.* What Types of Options Trading there are: Once you find out whether options sounds like a good fit for your lifestyle, capital, and personality, you need to decide which type you are most interested in. In this book, we will review the types of options trading there are so you can make the most informed decision possible.* How to Understand the Risk Involved: Of course, with all investment types, there are unique risks, and options trading is no exception. The best way to protect yourself against risk is to be as aware of it as you possibly can. You can substantially lower the dangers of investing if you read as much as you can about them. Forex Unlike those who deal in the stock or options markets, those who trade in the forex market make use of leverage which means that a \$100 investment could payout to the tune of \$10,000 if things go according to plan. If you are interested in learning more about these types of trades, then Forex: Beginners Guide to Dominate Forex is the book you have been waiting for. Forex, often abbreviated as FX, is the shortened name given to what is known as the foreign exchange market or the currency market. It is the largest of all of the investment markets, currently doing more than 4 trillion dollars in trade per day. As a point of reference, the New York Stock Exchange only does an estimated 30 billion dollars per day in trade. While the personal trader was long barred from forex trading, the abundance of online trading platforms today means that anyone can get started with little more than this book and a little starting capital. Forex trading can lead to real results for those with the determination and dedication to learn how to utilize it properly, if this sounds like you then what you are waiting for? Buy this books today!

This book "Binary Options: Quick Starters Guide To Binary Options" spills the beans on how to rake it with binary options trading. Take your first steps to making money with Options Trading now with the techniques and strategies revealed within in this book. Get started right by learning the basics, language, and the styles of trading used by the pros! Binary options are perfect for beginners because they are not complex. Time needed for binary options trading is limited. There is no need to sit in front of a computer all day to catch the moment you need to trade. The goal of binary options is simplicity. There are only a few general rules to follow. One needs to participate in the platform in order to make a profit. It is important to read chapter one to understand the basics of binary options trading. Setting options in time or on a

call will not be of much help if it isn't accompanied by serious knowledge and understanding of the market. It is, for this reason, I advise you to commit to mind the strategies in second chapter to become more familiar with the process of analyzing the market. Automatic trading has become extremely popular in recent years, especially among traders who have had no previous experience in binary options. Inexperienced traders always suggest the use of trading software. This is because it's the best way to acquaint yourself with the methods and strategies to binary options and gain initial experience. I advise you to read the section about trading software in chapter one. It is necessary to pay attention to a number of traps that lurk around for traders, who are just trying to choose the best possible broker for themselves. It is included to regulate the market for binary options by regulatory authorities. Regulated brokers have higher safety standards. Brokers accept regulated status as being necessary for business since more traders prefer to use regulated brokers. This gives traders the assurance that the broker is part of a serious company; that they operate in accordance to the laws of the market for being licensed. The most important external factors to consider regardless of which type of underlying assets you favor. -And more... This is the only ultimate guide on binary options trading you will ever need!

Binary options are the latest products to hit financial markets. From 5 minute FTSE100 bets offered by online bookmakers, longer duration FTSE100 bets traded on online betting exchanges plus binary bets offered by spreadbetting companies, all are offering the same instrument as the CBOT's binary option on the Fed Funds rate. Hitherto, the largest single marketplace for binary options has been Lloyd's of London where they are known as insurance contracts, while the sports enthusiast is unwittingly buying a binary option every time he takes a price from a sportsbook or bookmaker on this horse or that soccer team. This book takes the same fixed odds bet and illustrates how they operate in the financial marketplace."Binary Options" initially outlines regular bets and explains the rationale defining some basic winning and losing bets. A deeper analysis follows in which the author examines how the value of a bet is dependant on the passing of time, the volatility of the underlying instrument plus the price of the underlying instrument. More advanced bets are introduced with the reader then being shown when and how to profitably use binaries in various market conditions, followed by techniques in how to hedge the position entered into. The same format for regular bets is then followed when discussing one-touch bets. In this first in-depth analysis of binary options, Hamish Raw has ambitiously catered for both the end-user and the market-maker. Diagrams are to be found in abundance throughout this book in order to graphically illustrate the author's points.

"This updated second edition includes new coverage of Cantor-Fitzgerald binaries, New York Stock Exchange binaries, and how to use binaries to hedge trading, along with ... insight on the markets in which binaries are available. Independent traders and investors will find ... guidance on speculating on price movements or hedging their stock portfolios using these simple, less complex options with potentially substantial impact"--Amazon.com.

Binary options - is it betting or trading? A debate that has been raging ever since binary options exploded onto the market, sweeping away convention, tearing up the rule book, and dividing opinion. Indeed, simply mention the word binary and instantly a heated debate will ensue. But love them or loathe them, binary options are here to stay, and Binary Options Unmasked has been written to provide traders with a balanced and considered view of these deceptively simple yet powerful instruments. There are many traps for the unwary, but there are also some solid gold nuggets, if you know where to look. Are Binary Options For Me? This is the question I hope will be answered for you in this book. In writing it, I have tried to provide a complete introduction to the subject, with practical examples of how to approach these innovative instruments. Every aspect of this market is explained - both the good and the bad. Nothing is left unsaid. Binary options have much to offer, and used with common sense and thought, are perfectly valid trading instruments. Applied unthinkingly, they become like any other instrument - a quick way to lose money fast. Binary Options Unmasked reveals the true characteristics of this market. It covers the current market participants, along with their product offering. Moreover, not only are binary options explained in detail, but their application as a trading instrument is also illustrated. Trading strategies and approaches too are explored, along with an innovative and practical approach to interpreting volatility, a key component of any options trading. I hope this book, will give you the confidence at least to consider these instruments in more detail for yourself, with an open mind and your eyes wide open.

With this book, you will learn all about binary options and how to get into binary options trading and become successful. While this is a beginners guide it can be used by an binary options trader at any level. There are so many hidden gems that anyone who trades or is interested in trading can benefit from. What you will learn in this book is: Understanding Binary Options Risks and Benefits Binary Options Trading Strategies Keys to Success Common Pitfalls and How to Avoid Them This is the only beginners guide on binary options trading you will ever need!

As someone who has spent hundreds of hours helping run a Binary Options trade and training room, I know how confusing the topic can be. Most people have heard of Forex, but are unsure how it differs from Binary Options. After participating in the traderoom, one of the questions I would hear frequently had been; "Are there any resources to help guide me, I'm confused!" It was after hearing this I decided to write a no-nonsense, practical guide for beginners. My goal was to help demystify many aspects of the trading world, and include everything I wish I had known before I started trading. Some of the questions I receive from our website are: Where can I download the necessary MT4 software? How to use the software? What are the best currency pairs to watch? What are the best times to trade? How do I recognize and avoid scams? How do I spot winning and losing setups? Just to name a few...

Trading Binary Options is not quite difficult if you have a trading edge. The edge defines what you are looking for in the market that gives you the signal to buy or sell. In this book you will find one major strategy that is very profitable when combine with a good money management principle to help you make consistent money from the Binary Options Market. I strongly believe if you can implement the strategy in this eBook, It will help you to trade successfully.

Dear reader, I am very happy that you have found your way to 'The binary secret'. First, I would like to briefly introduce myself: My name is Helmut Strauss, I am in my early forties, happily married, and have two children. We live in a small town in Germany. I am not a financial expert, nor am I a financial service provider. I am a carpenter by trade, and run my own shop. With this shop, I have fulfilled a dream of mine. In the past, I gladly let my hard-earned money work for me in the financial sector. Unfortunately, like almost everybody, the financial crisis hit me pretty hard back in 2008. This is why, after the collapse, I initially switched over to other investment opportunities, which were only partially tied to the financial sector. But among those products, I didn't find anything suitable for me either; not something I could stand behind 100%. That's why I invested all of my money into my shop, and grew it into a small, thriving enterprise. My wife takes care of customer relations, while I immerse myself in my carpentry work. As we all know, life writes its own story, and so it happened, that a customer of mine told me about the subject of binary options. The idea of enabling somebody to trade stocks, currencies, indices and commodities in a simple manner fascinated me more and more. I started making inquiries, research the legalities, and began involving my wife. Suddenly, the desire grew in me to try my hand at trading with binary options. Now, I wanted to trade myself. My wife doesn't know a thing about the financial sector, and has refused to busy herself with it for as long as I've known her. Therefore I expected it to be difficult to convince her to approve of my wish. But after an evening at a friend's house, during which our host expressed a keen interest in the subject, she too started pricking her ears. We talked about the subject, she listened attentively, and the idea to publish an e-book about the subject of binary options was born. My sister worked as an editor at a publishing house at the time, so the idea of using her experience and contacts was self-evident. My order books were full and I was in the middle of production for a few dozen customers. But after I had showed my two women everything, and had explained to them the concept of 'Binary Options', they were also on fire and were ecstatic about the idea to give everyone the chance to participate in the trading of stocks, currencies, indices and commodities. And that without risk, and with only small financial exposure. A market, which until recently was reserved exclusively for the wealthy, was now accessible for practically everybody! Hence it was clear to us that this e-book had the highest priority over everything else. Our family is very social-minded and we like to help people. This mind-set is reflected in the 'Concept of Brokerage Houses'; this is why it fits perfectly into our life and our day-to-day business. After a long and very intense test phase, in which I thoroughly investigated several portals, I can now with a clear conscience depict my findings in this book. For a few weeks, I made it my full-time job to research binary options. I sacrificed my complete annual vacation! During that time, I talked with many people from that sector, combed through forums and watched instructional videos. I tested trading on various platforms, and got my own picture of this wonderful new market. After all these weeks I am increasingly enthusiastic about the subject of binary options and now can't wait to share my experiences with you. I have tried to make the specific terminology of the market comprehensible as much as possible, because unfortunately the financial sector has its own language, and to make the subject accessible to you, where possible, in an entertaining and vivid manner. I have also dealt with the subject of auto-binary options, a simple way to trade without any previous knowledge. Have fun reading! Helmut Strauss This ebook was realised with the friendly assistance of: Autobinary:

As a beginner with binary options, after reading this book you will be able to understand, identify, and execute different binary options trading strategies. This book is unique on the market in the sense it is the ONLY binary options book that includes an exclusive link to the content of a private binary options class that the author has taught. This alone is many times the value of the book price. Are you ready to make money from binary options trading? Read on! The book & link will cover: - A background on binary options - Trading strategies with binary options on stocks, forex, etc - Bonus in-depth tech analysis for binaries - Overview of trading signals

Binary Options Trading Techniques For Accurate Price Direction is an ebook that will be of great help to both the binary options traders and forex traders. The ebook contents a vivid explanation and description of different proven binary option trading strategies and the same strategies also work well in the forex market. Binary Option trading is a form of trading where the binary trader is expected to predict the direction of price in the binary option market and secure a win trade. It is a fact that merely looking at the binary option trading platform a trader may not be able to predict accurately the direction of price in the market without the use of a Binary Option Trading System. The ebook "Binary Options Trading Techniques For Accurate Price Direction" is written to help both binary option traders and forex traders to review the market, analyze the chart and predict price direction. This ebook will reveal to traders the Ultimate Indicator that is used to access the binary option market and determine price direction with absolute accuracy. In addition to the binary option trading system is the various trading strategies highlighted in the book and these will no doubt help traders to trade different types of binary option such as: High/Low or In/Out; One Touch/No Touch; Ladder; Boundary binary options. Another unique part of the ebook is the vivid explanation and description of how to determine the exact trade execution time of an investment on the binary platform. In addition to this is how to determine the expiration time and the corresponding binary option type to trade. The user of this ebook will see the chapter on Money Management Strategy for binary options market useful in the areas of how to carry out your investment to record 100% (or more) on your trading account, and how to estimate and take calculated risk. This material will enable both the binary option traders and forex traders who would be diligent enough to read and apply the different strategies and techniques highlighted in this book to become a successful binary option trader. Binary Option trading is a simple way of trading the market. However

binary option traders will need to know how to analyze the market chart to determine price direction, and the exact time to start a trade/investment on the binary platform. These boil down to having a consistent win trades which will ultimately make you a successful trader. Happy Trading.

Make Money with Binary Options reveals a simple yet effective and complete "plug-and-play" system to trade the world stock markets indices using binary options. If you're looking to trade Binary Options, then this book is for you. It presents an easy-to-follow, complete system to successfully trade the world's stock market indices with binary options. This system is based on a simple yet extremely powerful idea: what worked in the past is more likely than not to work again in the future. The system trades only once a month and always uses the same type of binary option. Setting up a trade takes a couple of minutes at most: You just look up in a table if the index you have chosen is expected to go above or fall below a certain value and how much you should bet. You then log into your binary options broker's platform, enter those parameters and wait until the end of the month. The indices covered are Australia, Euro 50, France, Germany, Hong Kong, India, Italy, Japan, Netherlands, Switzerland, the United Kingdom and the United States. The author of Make Money with Binary Options has over 25 years of trading experience and has taught courses in finance, accounting and real estate. He has written this book in an easy and understandable way that does not require you to have prior math or trading knowledge. Make Money with Binary Options describes a complete trading system, meaning one that comprises a trading strategy and a money management system. It starts by describing how the trading strategy is built. It also explains the concept of expectancy and how to use it to gauge if a strategy is worth trading and how to rank strategies. The rationale of money management comes next, followed by a detailed explanation of how to place the monthly trade. Finally the gist of the system: a series of tables that contain the trading parameters to be used each month with the different indices. The Kindle version of this book is periodically updated to reflect new market data. You receive these updates automatically and at no extra charge. It's as if you were subscribing to a trading newsletter but without the cost! Buyers of the print version receive the Kindle version for free. Get this invaluable resource right now and start trading with more confidence and achieve greater returns!
